AMIGOS

PIONEERS OF CHARACTER BASED STORYTELLING

PRODUCTION STUDIO

WE INVENT WORLDS WITH STORIES AND CHARACTERS THAT AUDIENCES RELATE TO

A production studio and facilities formed by world class experts
differentiated by quality of storytelling and innovation in advanced cinematography

---

The Amigos marries **Creative Vision** and **Financial Control** to deliver excellence through **Unparalleled Expertise**. Our mission is to help story & character step from the page into a fully believable and memorable life.

We live in a world of new media where 'transformative delivery platforms' compete for fresh and engaging content to retain and acquire subscribers whilst demanding advances in production practices to deliver at affordable budgets.

You probably already know of our work from Aladdin to Harry Potter, His Dark Material to Labyrinth.

We are industry experts in film, TV, gaming, theme parks, interactive attractions and live entertainment who have been involved in many ground breaking projects. We constantly push the boundaries of storytelling and character performances, along with our innovations in creature technology, production workflows and advanced cinematography. Combined, we have worked on over **500 shows** and garnered more than **750 awards** - including **Oscars, BAFTAs, Emmys, Golden Globes** and **THEAs**.

We believe that audiences are getting tired of corporate designed productions that are visual effects heavy with recycled old ideas.

The Amigos create shows that are well thought through, have engaging stories and are populated with characters that the audience emotionally care about.

We invite you to join us in our business:

- ✓ **Creative Development**
- ✓ **Advanced Cinematography & Virtual Production**
- ✓ **Theme Parks Experiences, Museum Exhibits and Attractions**
